CLASS POEM

T'was in the fall of '38 it came to pass
We were one large, bewildered mass
Brought together to organize the Freshman class.
Two dependable leaders were needed lest we falter
As sponsors we were given Mr. Everett and Miss Walter
For four years this team we did not alter
Then came our first election
Vollmar, President; Gugnitz, Vice-President was part of the selection
McGee, Secretary and Faulder, head of the department of collection
At our Freshman party, oh! so dear
We served home-made punch when thirst was near
Thus with unforgettable memories ended our Freshman year.

Our summer days of leisure ended too soon and then came the fall
The girls grew less homely and the boys more tall
We were Sophomores and our sponsors were here to greet us all
Again Vollmar was President and Covert, Vice President who accepted with pleasure.
MacDonald, Secretary and Vaderna became guardian of the treasure.
At our Holloween Dance we features cornstalks and pumpkins
Then city kids became country bumpkins
And then we took a long chance
And gave our Sadie Hawkins dance
The farm apparel was all aglitter
As we danced to the music of Bill Hitter
And so we advanced with little fear
Thus ended our Sophomore year.

With only two more years to go
Our faces now were all aglow
And then our Junior election was due
Mitea, President, Vollmar, Vice-President was part of the crew
MacDonald was elected to take care of class scribbles
While deciding a picnic at Rouge Park, there was much fuss
But when the time came we ended up with an empty bus.

After it became dark
We burned a stump at Rouge Park
And after much debate, we hit upon a plan
Work on the J-Hop soon began
Our decorations resembled a ship at sea
Amid laughter and music
We were as happy as could be
Thus ended our Junior year.

In rolled the fall of '41
When we entered our senior year of fun
The boys were using razors then
And the girls were regarding them as men
At our senior election our votes were cast
Beteag for Vice-President and Mitea, president the same as last
Mourguet became secretary by a large measure
While Compton was elected to safeguard our treasure
In October plans for the Prom were started
Our last formal dance before we parted
Our lives now took a different shape
When the news was received on December 8
Gugnitz, Pappas, Kelly, and Chapman came to the aid of Uncle Sam
Putting the aggressors in a jam
Our annual next came off the press
And really it was one of the best
Our pictures were made the first week of May
If you don't think they're good, see what the Seniors say
Of course a photo doesn't make you look thin
Nor iron our your double chin
Skip day and Class day soon rolled around
No greater joy was ever found
On Class day and Baccalaureate we strolled with pride
All worries and fears were case aside
With a sincere bon voyage and words of cheer
Thus we end our Senior year.

CLASS PROPHECY

As I gaze into my crystal
I can see just what is due
For the brilliant, brilliant seniors
Of 1942.

Sh!! Don't break the spell
For if you do
All will not be well for
The class of '42.

The year is 1949.

Our college students, LEORA LEWERENZ and HAROLD COVERT, have just been graduated from college for only a few years, and already they are rapidly rising on the road to success. Harold is the foreman of the W.P.A., and Leora is employed as the Chief Janitoress by the Chase Apartments.

CHUCK MATHIS, as we all knew he would be, is now in Hollywood doubling for Dick Foran. As a sideline to acting, he has taken up aviation. He zooms over Hollywood just like a butterfly.

Other prospective aviators are JOE HARGREAVES, EDWARD HARVEY, and GEORGE PETERSON, who are flying the Transcontinental Clipper for United Airlines. Their motto is "We get you there quicker in a Transcontinental Clipper."

The feature attraction of the Airlines is the bevy of brilliant, beautiful hostesses, which includes such coy maidens as PAULINE VANCOURT, LOIS WESTLAKE, and MADONNA LeBLANC.

The President of the Airlines is none other than that brilliant, hardworking schoolboy of long ago, FERNAN DuHADWAY.

Broadway lights have shown down on many of the students of the class of '42.

For instance, a new light opera is opening for a two months' run on Broadway--the star is none other than that killer diller opera singer, BUD KARL. We'll give the show two days, but not two months.

BOB HOLLAND and ANGELINE CHIPARO are that new sensational dancing team that is sweeping Broadway right off its feet. Of course, they have changed their names for publicity purposes. We now know them as The Ballet Steppers, Renee and Renaldo.

FLOYD CUPPS also can be seen on Broadway. He is a model posing for Hercules Cigarette ads. You can't turn a corner without bumping into a picture of that Glamour Boy. Build up your physique with a Hercules Cigarette.

Hollywood, too, has taken its share of former students.

VICTOR MITEA is the new Hollywood star who rose to success after his first picture. He has set the feminine world on fire with his allure. If you like Victor Mature, then you'll love Victor Mitea.

HELEN CHAMBERS and DOROTHY PHILLIPS are song writers, publishers, and directors. They compose all their own music, write all their own shows, and direct them. Their latest hit, a musical show, has just been released to the public. The title is Coney Isle, and that great musical star, CHARLIE LEE REDDICK, has the leading role.

Hollywood called and one of our prettiest of the fairest sex, IRENE TRUMICH answered that call. Her name is now Lily Dacher, and she is currently starring in that MGM production, "She Ain't Knitten' for Britain."

MARTHA WILSON is now modeling for Bazaar Magazine. She is also the editor-in-chief, feature writer, and photographer. That's just a few of the reasons why Martha Wilson is now modeling for Bazaar Magazine.

FILON and CHARLIE BETEAG have replaced Amos and Andy who retired permanently due to old age. They also play the parts of Lum and Abner. This famous team can be heard just about any time you turn on your radio, they can be heard even if you don't turn on your radio.

The city of Ecorse has taken many of our students in public offices.

Students who have been elected to city office positions are: GRACE BITTNER, the new city Treasurer; MARY GALAGIK, the new city Clerk; and HELEN RIOPELLE, the new city Judge. It seems as though the women have now started to invade politics.

Governor BOB VOLLMAR has just started campaigning for the position of the President of the United States. He guarantees higher wages, better jobs, and more work.

THELMA CRAIGHEAD and JUANITA MORROW are employed at the Rosette Beauty Shoppe. After you come out from one of their treatments, any resemblance to persons living or dead is purely coincidental.

MARY BAKER and HELEN HILBRECHT are now the caretakers of the Ecorse Cemetery. They also sell tombstones as a sideline. For bigger and better tombstones, see Baker and Hilbrecht.

PAUL FUTO, the great inventor, has just put his newest invention on the market. It's a non-skid, non-slip, non-zip zipper.

ELAINE MacDONALD is now the leading jitterbug at the Bowery, the club which was recently taken over by CHARLES HANKA. You haven't seen anything yet, if you haven't seen Elaine jitterbug.

ALBERT CONNORS is the barker in his own three-ring circus, which includes all sorts of amusements and daredevils. For instance, there is the fire eater, LESLIE TOTH; the Death Diver, NORMAN TABAKA; and the Trapeze artist, RICHARD GUY.

The THORNTON Funeral Home is now at your service. It has just been opened for business on Suicide Avenue. Drop in and see BETTY sometime. She offers special reduced rates to her friends.

JOE SLEBODNIK is employed at General Motors; JOHN SIMKO at Ford Motor Company; and DOUGLAS CALLOW in the Bomber Plant at Willow Run. These boys have really speeded up production, and set the Japs on the run.

MARY AGNES HARPSTER the hungry little girl of schooldays is no longer worried about eating. For she has under her control a string of DeLuxe Hamburger Stands. Stop in and get yourself a nickel hamburg for only ten cents.

ANGELINE STANOVICH is now taking ballet lessons under the excellent supervision of the great ballet teacher TRUMAN VALLAVEDASTOSKI. His class consists of Angeline and nine little Vallavedastoskis.

LEROY SMITH owns the Droopy Bed Corporation. He has finally found a nice soft spot to sleep in--one of his own beds. Why don't you sleep on a Droopy Bed?

WALTER CIEMIEREK has just been knighted Sir Walter Ciemierek by Queen Elizabeth for his gallantry in cleaning up the palace grounds. He moved to England just after he graduated and he has been doing fine ever since.

That great ball league pitcher JOE MARTIN has just clinched the series between the Ecorse Red Raiders and the River Rouge Ball Squad. The other team didn't have a chance with Martin in the pitcher's box.

Professor OSCAR DAVIDSON has now made his third expedition to the wilds of Abyssinia. He still is hunting for the same thing--the wild woman that doesn't know how to talk. Several other men from Ecorse, all husbands, have joined Professor Davidson to see this great miracle.

For medical treatment of any kind see Nurse KATE SOSTARICH at the Ecorse Clinic, but don't be surprised if the patient turns out to be Kate.

We all knew that LAWRENCE VAN BECELAERE would become a doctor and he did. Dr. Van Becelaere guarantees to remove your teeth without any pain whatsoever. The pain will come when you receive your bill.

That sensational quartet known as the "Beobettes" have just come to Ecorse for a return engagement. The girls, MARJORIE VOLTZ, JUNE McNIVEN, JANET NAVARRE, and NORMA VADERNA are going to introduce their latest hit song "Baby--That's a Wolf."

RUTH GOODELL and VIRGINIA GORA now take care of the Port of Lonely Hearts. Send all your love letters to the Port of Lonely Hearts, but don't be surprised if they don't go very far, because we doubt if they will get past Ruth and Virginia.

HERMAN BRUCE, the well-known publisher of Ecorse, has just put another publication on the market. It is one of his own compositions entitled "Learn to Fly" in two parts.

LEROY MILHORN has started a campaign to clean up the city of Ecorse. He has just been elected chief of the street cleaners squad.

RUTH BUSHER has just received the honor of being the first and only Woman street car conductor in Ecorse.

The head of the Ecorse University is Dean DAVID KULCHAR. The college was built just a year ago, and Dave Kulchar was the only boy in college that rated a perfect record. In fact, he was the only boy in college.

SHIRLEY THOMPSON and JENNIE SANPILIPPO are cashiers at the Ecorse Savings Bank. Cash your check, make your deposits, make your loans with these girls and then start worrying.

Our new and latest mayor is none other than that well-to-do citizen Miss MARY CHANI. Mary has already started plans for a city hall, a city park, a city airport, a city water plant, a city electric company, a city telephone company, a city post office, and a city nursery. When Mary once gets started you can't stop her.

MARIE BRANDSTATTER has started a chain of grocery stores leading from one end of town to the other. Her father retired and left her his store as a wedding present, and she just kept adding on, and on, and on.

Our local dime store has taken on a group of new girls for the summer rush. They include EILEEN FAULDER, who is at the candy counter; CORNELIA GRAMA, who is at the hardware counter, and DONNA KNAPP, who is at the dry goods counter. This new scenery saves the manager the expense of decorating this year.

The great maestro of the Ecorse Symphony Orchestra, MARLIN SACARELOS will be playing at the Ecorse Metropolitan Opera House for a three months' run.

Get your haircuts from Barber MIKE KOVACH. He operates his business on a two for one basis. Get a haircut, and you'll get a shave free; get a shave, and you'll get a haircut, free. The price is only 75¢ for both together.

WARREN LOVELAND and RICHARD HELD have gone into a partnership in the Giddy Girdle Company. Their motto is: "Feel goody in a giddy girdle."

Dr. PATTY COX would be glad to analyze your ills at special reduced rates. Her operations will either kill or cure. If you don't die while you are waiting to see her, then you probably will after you get in.

The manager of the Ecorse Boat Club is that former star rower, VIRGIL CIUNGAN. But the Boat Club is not the same without Virgil behind the oars. Now they row quite smoothly.

DESIREE HOLMES is the city dogcatcher, but dogs are not all that she catches. Just recently she picked up a rare specimen of a North American wolf.

The true identity of Torchy, the mystery woman of the airwaves, has just been disclosed by that Hollywood reporter, Joe Fritula. She is Miss VIRGINIA MAW in real life. Every day she takes part in six daily serials, three night shows, and a Chesterfield ad.

GERALD HONAMAN is the manufacturer of that delicious Honaman Specialty Superior Spaghettis. Once you get interested in a dish of Superior Spaghettis, just try and get out.

RUTH GASSMAN and LOIS LOWRY own the Bonton Bakery, but they usually eat up the profits before they get them. Their cream puffs are guaranteed to have at least 5% pure cream.

GEORGE PAPPAS is one of the crew of Admiral ANDRE MOURGUETS Fleet, which is just starting across the Atlantic on an important mission. It's supposed to be a dark secret, but we just got wind of it. Admiral Mourguet and his men are hunting that under water menace, the mermaid.

RUTH WYCHE and MATTIE REDDICK are now C.P.A's, commonly called Certified Public Accountants. They also do part-time work in the Chorus girl squad at Carroll's Skylark Club.

WILFRED KENNEDY has just received the honor of Champion Heavyweight Boxer of the United States of America. He just succeeded in knocking out Joe Louis in the first ten seconds of the first round.

MARJORIE BROUGHTON is the saleswoman for the J. L. Hudson Company, and she can sell you anything from an old shoe to a thumb tack. Already the sales of the company have reached an all time peak.

The tennis champion, CHUCK COMPTON, will meet his greatest opponent, MURRAY BOURASSA, next Saturday in a Benefit game--for the benefit of all those interested.

ESTHER McWHIRTER'S Jitterbug Orchestra is now playing at Eastwood Park. Members of the band are CAROL BUSTER, clarinet; VIRGINIA ZENZ, violin; and ALICE DROUILLARD, drums. This four-piece band skyrocketed to fame last September. Their style of rhythm is exclusive and consists of a swingy downbeat with a string uplift.

New usherettes at the Wyandotte Theater include such Senior notables as MAUVALINE POWELL, DOROTHY PETTIJOHN, and JEAN HUTCHINSON. They have created a new conception of ushering. They lead you to your seat, set you down, and then help you get up when you are ready to leave.

That dynamic mountain climber, BOB STEWART has just this year completed scaling his fifth mountain. He is now moving down to South America to tackle the Andes.

The B.B.B.B. has just recently been organized with sole purpose of entertaining the soldiers, sailors, and marines. There was a mad rush to join this club, but as usual the senior girls got there first. The first four applicants were RUTH ROBERTS, MARY MELINTE, RUTH STEPHENS, and MARION RIGHTENBURG. B.B.B.B. stand for the Board of Beautiful Blondes and Brunettes. Now Gugnitz, Pappas, Chapman and Kelly won't have to worry about being lonesome.

HAROLD HOLMES has become a comedian on a coast to coast Sunday night novelty show. His sponsor is the producer of Mello Jello, which comes in ten delicious flavors.

DELORES SUTHERLAND has just been crowned "Corn Queen" of Iowa, but confidentially, the one and only judge happened to be a certain fellow named Nicki.

VIRGINIA SZABO has just celebrated her seventh year of wedded blitz, and BETTY LYON is also celebrating the same event only this will be her eighth.

The ambition of most of the senior girls was to become a private secretary. Not all of them made the grade, but two of them are well advanced in secretarial work. They are MILDRED SCHLOFF and HELEN SHEVNOCK. Helen is employed at the Finance Company in River Rouge, and Mildred is employed at the Wallace Insurance Company in Ecorse. Get your loans and your life insurance from these two reliable companies.

JUNE BEARD is now Mrs. R. C. Voisine and she really cuts a nasty curb in her green limousine.

DALE BONSER is the editor-in-chief of the Ecorse Advertiser. For the latest scoops, read the Advertiser. Nothing is left out of this publication by Scoop Bonser.

DELBERT BROWN is a retired business man by popular demand. His business was supplying school supplies to anxious little girls and boys.

The newest milkman added to the force is ELMER KISH. He got tired of staying up so late at night so now he gets up early in the morning.

Oh! You spoke----
And now you broke the spell
So all we have to say now is,
A fond farewell.

MIXED CHORUS

"Music hath charm to soothe the savage breast." It was under this idea that the high school chorus originated under the direction of Miss Idabelle Knox, a graduate of Michigan Normal Conservatory.

The chorus consisting of 72 senior high school boys and girls, meets third period from 10:05 to 10:45. The boys and the girls have alternate days on which to sing with the boys meeting on the first two days of the week and the girls on the last two days while on Wednesday the full chorus meets

Dates that will stand out in the memory of the chorus of 1941-42 will be the annual beautiful Christmas concert on December 18th; the Spring Concert with the band accompanying on April 23rd; and the annual Twin Valley Association held in Ypsilanti on April 30th.

By Thelma Craighead.

In September the Band got off to a new start with a new band Director, Mr. Black, after the retirement of Mr Vandervest. The first appearance of the band was at the dedication of the new football stadium. The band played at all the home football and basketball games throughout the fall and winter.

PRINTER'S CLUB

The club was started in March, 1941. This club idea was proposed by Arnold Cosgro and Joe Smith. The first year, the club had 12 members.

Last year, the club had a wiener roast the night of the Sophomore outing. Other events included a skating party at Well's Roller Rink, and sixty people attended.

This 1942 year, there are fourteen members. We have had our initiation, another skating party, and also, a swimming party at the River Rouge High School Pool.

The members pick up paper after school to make their contribution to National Defense.

FOOTBALL

Many seniors have taken part in the football activities of the high school. These seniors were led by Joe Martin, captain of last years squad. Joe played three years varsity and two years junior high. Joe started as a halfback, was changed to center and later to the backfield Joe was a star in his last year. The team next year will find it hard to fill his shoes. The next senior was Covert. He played two years Junior High, one year second team and two years of varsity. Covert began as a plunging fullback and was then changed to the line. After this change, he turned out to be a standout guard and was one of the mainstays of the line He is very rugged and aggressive and coaches claim him to be a good team player. It will be a long time before the high school can find anyone who can fill his shoes. Cuingan has been the tough luck boy of the seniors as far as football is concerned. He had two years of Junior High; one year second team; and two years of varsity. Cuingan was forced to the sidelines due to injuries to his nose in the early games of the season. He is a big, rough and agressive player. He was a great team player.

Elmer Kish played two years Junior High, one year second team, and one year varsity. Kish, who played quarterback throughout his high school year, was forced out due to ineligibility. His specialty was blocking Dave Kulture played two years Junior High, one year second team, one year varsity. Dave was one of the fastest ends Ecorse High School ever had. He was especially good on end around plays. He was unable to play in his last year because he was holding down a job in a factory Victor Mitea played a year of second team and two years of varsity. He began as a center and was switched to end. In his last year he became a standout end. He was especially effective catching Martin's long passes.

TRACK

The 1941 track team showed promising results. The 1941 track team was composed mostly of younger members. There were only three seniors on the team: Harold Covert, Elmer Kish, and David Kulchar. The 1942 team is looking forward to a successful season. However, all three seniors who would be returning are unable to go out this encouraging season.

Kulchar, who was a four year man on the track team, finished in January. He was a valuable man in the 440 and 220 dashes.

Covert was a very promising shot putter. He was unable to continue this current season because he is rowing in the Senior Eight at the Ecorse Boat Club. Last year he did both rowing and shot putting, but found it hard on him because of the exercise demanded by both.

Kish, the third member, was a very promising hurdler. Last year he was the only hurdler on the team. He is also rowing this year; he rowed and had track last year, but he, too, found it strenous. These three members would have helped to balance the present squad. The seniors wish the team every success.

Football (continued from p.23)

Wilford Kennedy never went out for football until his Senior year. Wilford made the varsity and turned in very satisfactory performances. It was too bad Wilford did not go out for football sooner, for it he would have he would have developed into a standout player at the end. Charles Compton played two years Junior High and one year second team. He was a very effective pass receiver. He dropped football in his Junior year in order that he might concentrate solely on basketball. Richard Guy went out for football in Junior High and second team, after a year absence he returned in his Senior year to play tackle. It was not until his last couple games in high school that he found himself. Douglas Callow played two years Junior High and two years second team. Because of school work he was unable to play in his senior year. Douglas was a very rugged guard.

TENNIS

Years played: Doug Callow 2-3-4; Chuck Compton 2-3-4; Peterson 4; Hargreaves 4.

For the last two seasons the Ecorse High tennis team has had a fairly good season coming in second in the Twin Valley League The team was beaten by Dearborn both years in the last league game losing the championship, by dropping this one league match.

To the coach of the Ecorse squad, Mr. Draper, much credit can be given for the team's success. This year the team is greatly weakened by graduation of four out of the five--both doubles teams graduated and the second-third singles.

The players in these positions are: 1. doubles - Joe Bartok, James Jump; second-doubles - Roger Stevenson, Cecil Mobley; second singles - Donald Jones; third singles - Leslie Toth. Only Chuck Compton No. 1 single remains of the first seven.

BASKETBALL

The Red Raiders finished their most successful season this year. The basketball squad won seventeen out of twenty games. They are Twin Valley champions and runners up for the State Class B Championship.

In the regular season Ecorse opened up against the old time rival, River Rouge, and defeated them 39-22. The second game was played at Melvindale and the Raiders edged out a 30-28 win. Next Ecorse traveled to Wayne and defeated them 30-25. The fourth game of the season brought Wyandotte to Ecorse and Wyandotte won this game 33-31. After suffering their first defeat the Raiders traveled to Plymouth and won 45-30. The Raiders were now tied for the league lead with Ypsilanti. The sixth game was with Ypsilanti and Ecorse won 30-11. This game put our team in the league lead. The next game brought the Raiders to Dearborn, they were again successful, winning 30-23. This ended the Twin Valley League first round. Ecorse led with five games won against no defeats.

The second round opened up by the team journeying to River Rouge where they edged out the Panthers 23-22 in an over time game. The next contest was a non-league game played at Lincoln Park and in this contest the Raiders were defeated 28-21. Wayne was the next league game and the quintet won 26-23, clinching the league title. The Raiders then played host to Melvindale and defeated them 31-20. The next league game was played at Ecorse. In this game the squad defeated Ypsilanti 42-31. The last game of the season was a league game at Dearborn. The Ecorse High squad won again with a score of 26-20.

In the district tournament the Raiders met our Lady of Lourdes High School in River Rouge and defeated them 34-25. The team was then qualif ed to play at Fordson in the Regionals. The Raiders first opponent was Saint Joseph whom they defeated 32-24. The next night the Raiders met Melvindale in the Regional finals and defeated them 19-16. The Ecorse basketball squad was now qualified to play in the quarter finals of the state meet, and they traveled to Pontiac and played Visitation of Detroit and defeated them 37-28. The team was now qualified to go to Lansing and play in the semi finals. The teams opponent there was Traverse City and the Raiders defeated them 24-22. The next night the Raiders played in Jenison Field house for the State Class B. Championship against Niles. Niles won 50-30.

The coach of the squad was Mr. Robert Wilson and the assistant coach was Clifford Marsh.

The team next year will be made up of practically the same squad. There are only three who will be lost through graduation, they are Captain Victor Mitea, Chuck Compton and Joe Martin.

O. B. E.

ORDER OF BUSINESS EFFICIENCY

The O. B. E. group in Ecorse High School received its charter from the national chapter in December, 1940. The group started out with twenty-five charter members in 1941. Present membership is nine.

The purpose of the O. B. E. is to serve the community and the school.

During the life of the Club, its members have assisted in many school and community projects. Some of the most interesting projects were knitting infants' sweaters for the Red Cross, sponsoring a Commercial Contest in the High School, assuming definite duties and posts during the school air-raid drills, and helping the Junior Chamber of Commerce in fingerprinting the people of Ecorse.
